Your the break in my chain  
Your the acid in my rain  
Your the cloud in my sky  
Your the turn in my tide  
(Your the break in my chain  
Your the acid in my rain  
Your the cloud in my sky  
Your the turn in my tide)

You are me! Your not me!  
You are me! Your not me!

Your the gauge in my face  
Your the rat in my race  
Your the pole in my ground  
Your the hole in my sound  
(Your the gauge in my face  
Your the rat in my race  
Your the pole in my ground  
Your the hole in my sound)

You are me! Your not me!  
You are me! Your not me!  
You are me! Your not me!  
You are me! Your not me!

Indigo paintings on me  
Violet pistols on me

You are me! Your not me!  
You are me! Your not me!  
You are me! Your not me!  
You are me! Your not me!
