Symbols of forgotten times
Spinning round and around and around in my mind
Change is taking place inside
While the body sleeps

Methods of an ancient ritual
Calling me back, calling back to the game
Mutations taking place tonight
Through the hunger and need

Get down, take cover
See me prowling in the moonlight
Reach out, discover
Truth in the lies

Signs made of fire
In the dead of night when we return
Higher and higher
The flames will fade and die when we are divine.

Creatures of a lower life form,
They're always out for flesh, they're out for blood
Extinction makes them walk alone
Through the firestorm

Get down, take cover
Hear me howling in the twilight
Reach out, discover
Sign of the times

Signs made of fire
In the dead of night when we return
Higher and higher
The flames will fade and die when we are divine

Words of a liar
On the holy cross, the bodies burn
The perfect desire
Flames will fade and die when we are divine.

So many questions have been asked
So many lies been told

So many dreams forsaken
In the name of divinity!

-Solo-

Signs made of fire
In the dead of night when we return
Higher and higher
The flames will fade and die when we are divine

Words of a liar
On the holy cross, the bodies burn
The perfect desire
Flames will fade and die when we are divine.
