Before the dawn, i awake  
Morning came to paradise  
There beside me, in peacefull sleep  
A princess hiding for the night

You know they say  
That nothing last forever  
And memories will fade away

Together, in perfect harmony  
Forever, escaping destiny  
Gathering thoughts  
In the haven of the lost  
The wilderness around us solves

The taste of freedom, all around  
I hear the water hit the shore  
The concreed jungle, so far away  
A peacefull soldier will return

You know they say  
Some things can last forever  
And memories will fade away  
Together, in perfect harmony  
Forever, escaping destiny  
An angel, in perfect harmony  
With an stranger, escaping destiny  
Gathering thoughts  
In the haven of the lost  
The wilderness around us solves

I crossed the sky  
Like an eagle I spread my wings  
Now my heart is finally free, so free

[solo]

Together, in perfect harmony  
Forever, escaping destiny  
An angel, in perfect harmony  
With an stranger, escaping destiny  
Gathering thoughts

In the haven of the lost  
The wilderness around us solves
