Add your light to mine, baby.

Add your light to mine.

Add your light to mine, baby.

Together we could shine.

I've seen you dancing like no one was looking.

Beneath the fullest moon.

Oh some day soon.

I'm gonna find all the things I've been yearning for.

Are you coming too?

Add your light to mine, baby.

Add your light to mine.

Add your light to mine, baby.

Together we could shine.

All the rubbish that ever surrounds us.

Could make a stone wall cry.

But someday I'm,

Going to leap out of this hole and you can too,

If you're by my side.

Add your light to mine, baby.

Add your light to mine.

Add your light to mine, baby.

Together we could shine.

Baby you're so fine,

Together we could shine.

Add your light to mine.
