I know what your thinkin  
By the look in your eyes  
Your wonderin if I feel  
The same way inside  
That your feelin now  
Well I hate to say it  
Dont get me wrong  
But your a little to late

I already fell  
Head over heels  
All over you  
Everything that you do  
You do it so well  
So girl cant you tell  
I already fell

That aint no desision  
Our hearts have to make  
One can fall first  
The other can wait  
But it looks like we're one step  
Ahead of it all  
Cuz im here and im waitin  
On your heart to fall

I already fell  
Head over heels  
All over you  
Everything that you do  
You do it so well  
So girl cant you tell  
I already fell

I already fell  
Head over heels  
All over you  
Everything that you do  
You do it so well  
So girl cant you tell  
I already fell

Girl cant you tell  
Im under your spell  
I already fell
