We love so easily
Like a river to the sea
What is caught now will be free
The you drowns into me

Taste it slowly
Then take it all
Taste it slowly
Then take it all
Taste it slowly
Then take it all
Taste it slowly

We love so easily
Like a river to the sea
Like a bird within the tree
It is home and it is free

Taste it slowly
Then take it all
Taste it slowly
Then take it all
Taste it slowly
Then take it all
Taste it slowly
Then take it all
