### "Be The One"

Visit "[Be The One](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Let me replace the love and the pain  
Let me erase, all your heartache

Let me wake you up in the morning  
To the smell of, breakfast in bed  
Let me encourage your confidence  
Let me make you feel beautiful

Let me pamper and spoil you  
Let me be the one that will never tear you down  
Let me, give you the utmost loyalty, and treat you like  
royalty  
Let me

So come on, come on, come on

I can be the one, I can be the one  
Be the one you run to, baby  
I can be the one, I can be the one  
Be the one you look too

Let me keep you pretty and smilin' good  
Let me wine and dine you baby just cause  
Let me dump my homies because of you  
That I no longer be the player I was

Let me (sexual) have my way with your anatomy (I  
wanna be sexual)  
Give you passion and pleasure (sexual)  
Sensitivity (I wanna be sexual)  
Let me give you the utmost loyalty, treat you like  
royalty  
That you deserve

So come on, come on, come on  
Let me, let me be the one

I can be the one, I can be the one  
Be the one you run too  
I can be the one, I can be the one  
You look too

Me not him or them or they  
I am Snoop East Wood come and make my day  
P-Pack your bag your bags and let's get away  
To a place set space where you are my baby  
You never been, tell me have you ever been flown out  
To a state where the mind it's blown out  
In stages for show, more pages to go  
But if you read between them lines  
Leave the bad times behind  
Fast snipping that wine and I finally made you mine  
I take you out to my momma house and wife you up  
and do time

Don't that sound elegant to your braincells, left hand,  
now tell me how the rain feels  
I am still your man don't stay the same, can't change,  
let me be the one  
That's my campaign, champagne  
Pop that, hit that, stop that

So come on, come on, come on  
Let me, let me be the one

I can be the one, I can be the one  
Be the one you run too  
I can be the one I can be the one  
You look too
