Kiss me like when I dream of you  
Notice me, act like you have a clue  
Flirt with me, act like I interest you  
Like my eyes do, wish I could undress you  
So I try to find the words  
But I only suffocate  
Then my palms, they start to sweat  
And my shirt is soakin' wet

You give me the butterflies  
You give me the nervous side of life  
Don't walk by just say "hello" baby  
You are my day dreams when I'm awake

Let's sleep like I pretend we do  
Convince me that day dreams do come true  
Picture as where I picture you  
And I just panic when you're in bird's eye view  
And I try to say "hello" and the words don't come out  
right

Wish I could find myself but it's a losing fight

You give me the butterflies  
You give me the nervous side of life  
Don't walk by just say "hello" baby  
You are my day dreams when I'm awake

I go dreamin' you go wakin' me  
You won't catch me and I keep fallin' girl  
You only notice me in a perfect world  
But the world is so imperfect so...

You give me the butterflies  
You give me the nervous side of life  
Don't walk by just say "hello" baby  
You are my day dreams when I'm awake  
You are my day dreams when I'm awake  
You are my day dreams when I'm awake
