[Intro: spoken]

Life

Life is about evolving and growing

Elevating

Constant growth

Like green leaves

I dedicate this to the children

[Verse 1]

Mama told me a wise man leads and never takes
orders to follow

And what's done right here in the here and now, always
affects tomorrow

It's like, cause and effect, simple mathematics like 1
plus 1 makes 2

See the bed that we make, that's where we got to lay,
so be wise of the path we choose

And keep growing

[Chorus]

Keep growing (Keep on growing, yeah)

Keep growing (Oh, keep growing, growing)

Keep growing (Keep on growing, keep on growing)

Keep growing (Like)

Like green leaves

[Verse 2]

To have it you got to see it, to talk it you got to be it

There's no ifs, no ands or buts

If you claim it you can attain it, what was made shall be,
and that's the law of the universe

(That's the universal law)

Shine a light, use insight and remember your precious
gift

Take the good with the bad, the tears with the laughs
and always be positive

And keep growing

[Chorus: x2 + adlib over second chorus]

Keep growing (Oh, keep growing)

Keep growing (Keep on keepin on)

Keep growing (Keep on growing)
Keep growing
Like green leaves (Keep on growing like green leaves)
