I remember him liked yesterday  
He looked to me like destiny  
Maybe he'd invest and see, meant to be, is meant for  
we.  
Like mentally and spiritually.  
See physically we're symmetry  
He's feeling me, I'm feeling free,  
Even his voice flows...my flow.  
Come on!

You could be my mother nature,  
I'll be your valentine ...We could do that!  
Come on, baby!  
Baby we could grow together, forever if you like!  
Ever and ever, ever!

I only wanna love you,  
Keep, keep it going!  
I only wanna love you,  
Keep, keep it going! Oh yeah, yeah, yeah!  
I only wanna love you,  
Keep, keep it going!  
Keep on! Keep on! Keep on!

His vibe is hypnotic, yeah!  
I'd offer him my heart, but he's already got it.  
Mystically.... he feels right,  
Light, symbiotic,  
Our pillow talk is prophetic.  
He feels me up!

You could be my mother nature; you could be my  
mother nature  
I'll be your valentine,

Baby we could grow together, Baby we could grow  
together  
Forever, ever, if you like, ever, ever!

I only wanna love you,  
Keep, keep it going!

I only wanna love you,

Keep, keep it going!  
I only wanna love you,  
Keep, keep it going!  
Keep on!

I know you, you know me!  
I see you, you see me!  
I need you, you need me baby!  
I want you, you want me!  
I know you, you know me!  
I see you, you see me!  
Oh, I need you, you need me!  
And I want you, want you!

I only wanna love you,  
Keep, keep it going! Baby  
I only wanna love you,  
Keep, keep it going! You see  
I only wanna love you,  
Keep, keep it going!  
I only wanna love you,  
Keep, keep it going!  
It's how it's meant to be,  
Be my mother nature, yeah  
I'll be your valentine, yeah  
Keep going, keep going, hey!  
I only wanna love you  
Only want to love you  
Keep it going on!

This is for the lovers, the lovers, the lovers, the lovers,  
yeah!  
This is for the lovers, the lovers, I wanna love you,  
baby!

I only wanna love you,  
Keep, keep it going!  
I only wanna love you,  
Keep, keep it going!  
I only wanna love you,  
Keep, keep it going!  
Keep on!
