Raheem DeVaughn -- Love Connection

[Intro]

Love love

Want to give you love love

Give you love love love love love love love

[Chorus]

I just want, to give you good love, love, love

Let's make a love connection

If you think you're ready

I just want to bring you good love, love, love

Let's make a love connection

[Verse 1]

Girl you ain't been loved

Ain't been loved quite right in a long, long time

I can hear your body calling mine

Your eyes can't lie, I just wanna

Make your body shiver in butterflies

From the kind of sex you can't deny

[Hook]

I promise every risk that you can make

Is my command

That you won't find another that can lay you baby

Quite like I can, I can

Girl I know how to tune in

See I understand

See that's what you need

Girl trust in me, yeah

[Chorus]

I just want, to give you good love, love, love

Let's make a love connection

If you think you're ready

I just want to bring you good love, love, love

Let's make a love connection

Yeah, yeah, yeah

[Verse 2]

Let me hold you tight
If your body needs I can go all night
Anything you require
I'll satisfy
I'll be your friend, be your freak in between
It's all right, just tell me what you need

[Hook]

I promise that anything that you can think
Is my command
That you won't find another that can lay your body
Quite like I can, I can, I can
Girl I know how to tune in
See I understand, see that's what you need
Just trust in me, yeah

[Chorus]

I just want, to give you good love, love, love
Let's make a love connection
If you think you're ready
I just want to bring you good love, love, love
Let's make a love connection

Yeah yeah yeah

[Bridge]

I-I, I won't let you down baby
When we're in between the sheets
Now, now, now, honey
Oh now we're making love baby
And I won't stop, no I won't stop

No, no, no, no, no, no

[Chorus]

I just want, to give you good love, love, love, love, love
Let's make a love connection
If you think you're ready
I just want to give you good love
Let's make a love connection

[Outro]

Whoo hoo (whoo hoo hoo hoo)
Whoo hoo hoo hoo hoo (hoo hoo)
Let's make love, let's make love, let's make love

I just want, to bring you good love, love, love
Let's make a love connection
