First, unwrap my body  
Like I'm your birthday gift  
And like a birthday wish  
Tell me what you need  
And I got you girl  
Let me perform for you  
Did it all for you  
And you're always welcome to another round  
Of me and you

Let your inhibitions go, go  
I'ma make you make up one, one  
Let it run, I'm gonna spank your body yell  
Make your body yell  
You might even break your nails  
Let the mattress sing speak, speak  
I can hear your heart beat, beat  
Gonna make this night feel like this when I stunt you in  
the sheets baby  
Open up a while for me,

When you touch, I kiss, your skin  
I swear it's no drag, I stroke  
This love inside of your heart  
And rejoice, let your love rejoice  
Let your body rejoice, let your body rejoice

When you ready for round 2, let these lips of mine  
anoint you  
How could I ever disappoint you, look at you, oh look at  
you  
Leave your footprints on the wall, take that pillow off  
your face  
I love to see the passion in your face  
When I'm in your secret place,  
Right before you explode

Let your inhibitions go, go  
I'ma make you make up one, one  
Let the smell of my sweat and cologne  
Let the mattress sing speak, speak

When you hear your heart beat, beat  
Gonna make this night feel like this when I stunt you in  
the sheets baby  
Open up a while for me,

It's your touch, my kiss, your skin, my lips my sweat  
Slow jam, I stroke  
With this love inside of your heart  
And rejoice, let your love rejoice  
Let your body rejoice, let your body rejoice  
Like we just reached the finish line, rejoice  
Climax at the same time, rejoice  
Like you just jumped the broom, rejoice  
Like it's our honeymoon, rejoice  
You and I should rejoice, rejoice  
Like it's your birthday baby, rejoice  
All your love, and my heart, rejoice, babyyyyy!

It's your touch, my kiss, your skin, my lips my sweat  
Slow jam, I stroke  
With this love inside of your heart  
And rejoice, let your love rejoice  
Let your body rejoice, let your body rejoice

It's your touch, my kiss, your skin, my lips my sweat  
Slow jam, I stroke  
With this love inside of your heart  
And rejoice, let your love rejoice  
Let your body rejoice, let your body rejoice

It's your touch, my kiss, your skin, my lips my sweat  
Slow jam, I stroke  
With this love inside of your heart  
And rejoice, let your love rejoice  
Let your body rejoice, let your body rejoice

Oh baby, rejoice all over me  
I wanna rejoice  
Exploded inside of you  
Uh, open up wide  
And rejoice for me
