i've got a thing about destruction
i've got an appetite for pain
i wanna watch it all just burn down
cause well this town's so lame
wanna see it all just float away now
wanna watch it all go up in smoke
we've gotta feed our new affliction
cause well this town's a joke

i gotta see you, when everything's gone

watch it fall
you watch it fall now
you watch it burn down
watch it burn
gonna take this city to the ground
watch it fall
you watch it fall now
you watch it burn down
watch it burn
gonna take this city to the ground

it's time to talk of revolution, get off your couch and
start the fight
i like it when everything fucked up, cause well it feels
so right

i wanna see you, when everything's gone

watch it fall
gonna watch it fall now
gonna watch it burn down
watch it burn
gonna take this city to the ground

watch it fall
gonna watch it fall now
gonna watch it burn down
watch it burn
gonna take this city to the ground

in your home town

i've got a thing about destruction, i've got an appetite
for pain

i wanna see it all just burn down, cause everything is
just the same

watch it fall
gonna watch it fall now
gonna watch it burn down
watch it burn
gonna take this city to the ground

watch it fall
gonna watch it burn down
watch it burn
gonna take this city to the ground
