I heard you call my name  
Now it's not the same  
When I hear your voice  
Half way across the country  
Yeah, yeah!  
Locked up in the van  
You'll never understand  
Th manic that builds  
This hole inside me  
I have got responsibilities  
You have got them too  
I'm trying but what am I supposed to do  
Every time I drift off in your blue eyes  
Thinking about the angels voice on the phone  
Get that sinking feeling  
I'm never going home  
Sometimes I let myself get so down  
I can barely hold my head up to say  
I'm alive and well  
And I'm coming home someday  
I'm on the outside  
Looking in at what you said to me  
Your words soft spoken in a dream  
Another night alone  
I saw your face you smiled at me  
Just an illusion it may seem  
Get it out of my head

So I'm stranded here  
There's so much more to fear  
But I know it will be over someday  
Everytime I think about your soft smile  
Dreaming about the girl I needed to see  
Feel a bit uneasy  
Dark is upon me  
Sometimes I let myself be afraid  
If the next days going to fall  
Then I tell myself it's okay  
Time has come to call

I'm on the outside

Looking in at what you said to me  
Your words soft spoken in a dream  
Another night alone I saw your face  
You smiled at me  
Just an illusion it may seem  
Get it out of my head
