I remember Grandma's bureau
And some of the stories she told
What over the word she once spoke
There was a lullaby I treasure the most
That says

Chorus :

Don't run so fast
Don't run so fast
Don't run so fast
You might fall on glass
Don't run so fast
Don't run so fast
(Don't run)
Don't run so fast
Don't run so fast
Don't run so fast
(So fast)
You won't be the last
Don't run so fast
Don't run so fast

I remember days in New York
And nights Daddy crept in
I fall
I can still hear Mommy say no
Don't you go outside
Stay away from that door

Chorus :

Don't run so fast
Don't run so fast
(Don't run)
Don't run so fast
(So fast)
You might fall on glass
Don't run so fast
Don't run so fast
(Don't run so fast, yeah)
Don't run so fast
Don't run so fast

(You run so, fast)
Don't run so fast
You won't be the last
(You won't be the last don't run so fast)
Don't run so fast

Believe me when I do say I love you
That I'm needing some time to get through
Right now I'm giving you a glimpse of my past
To maybe feel you now run so fast
Fast
Don't you run so fast, yeah

Chorus :
Don't run so fast
Don't run so fast
Don't run so fast
You won't be the last
Don't run so fast
Don't run so fast

I remember Grandma's bureau
And some of the stories she told
Now I am no worried no more
Because the love she gave
It carries me on
And on

Chorus :
Don't run so fast
Don't run so fast
Don't run so fast
(Don't you run, so, never)
You might fall on glass
Don't run so fast
Don't run so fast
(So fast, baby)
You won't be the last
Don't run so fast
Don't run so fast
(Oh you know, you know)
Don't run so fast
Don't run so fast
(Don't you run)
Don't run so fast
You might fall on glass
(Don't you run, no)
Don't run so fast
(So fast, yeah, yeah)
Don't run so fast
Don't run so fast

(Fast don't you run)
Don't run so fast
(Don't you run so fast)
Don't run so fast
(Don't you run so fast)
Don't run so fast
(So fast)
Don't run so fast
Don't run so fast
Don't run so fast
(So fast don't run)
(So fast don't you run, don't you run fast)

Don't you
Don't you run so fast
