It's the dog in the park
It's the fog after dark
It's the wind in your hair

It's the kiss that you left
After giving your best
It's the thought as I walk

It's like taking sips from your cup of coffee
Smoking a cigarette after dinnertime
It's like makin' love on Egyptian cotton

All in all it will be fine

Feels good
It feels good
Feels good
It feels good

So good
It feels so good
It feels so good
You know it feels so good

It's a song in your head
Eating chocolate in bed
It's a bird up in flight

A divine melody
Glass of wine, burgundy
It's the love of your life

It's like taking sips from your cup of coffee
Smoking a cigarette after dinnertime
It's like making love on Egyptian cotton

All and all it will be fine

Feels good
(Feels good, you know)
It feels good

(You know it feels good)
Feels good
(Ooh, you know it feels)
It feels good
So good, so good

No doubt
We got a love thing
That's definitely here to stay
One thing I do have to say is
That in each and every way
Oh, oh it. . .good
Feels good, feels good yeah
You know. . .know it
So good, so good

Chorus :
Feels good
(Mmm, you know it feels)
It feels good
(Oh you know that)
Feels good
(Oh you know it feels good)
It feels good
(So good, so good, so good yeah)
Feels so good
Feels so good
Feels so good
