I've waited all my life  
For this moment to arrive  
I saw it coming back some miles  
And I'm so glad you took the ride

And you're the one I do adore  
How could I ever ask for more  
You're the special kind of wild child  
It's like you've been here once before

Nothing can make me bend  
Or stray from this love again  
This heaven's a blessing sent  
I'm honored to be your man

'Cause you make life so good  
So good, you make it  
You make life so good  
So good

You took away my pride  
Made me open up my eyes  
Now I've realized that love is fine  
It's a feeling I can't deny, no

Your love's a blessing sent  
From heaven above, my friend  
Nothin's going to make me bend  
Out of this love again, yeah

You make life so good  
So good, yeah, yeah  
You make life so good  
So good, yeah

You make life so good  
So good, make life so good  
You make life so good  
So good, you make it, yeah yeah

I love you, yeah  
Don't ever change

I love you, yeah  
You're the best thing yet

You make life so good  
So good, you make it  
You make life so good  
So good, yeah

You make life so good  
You make it so good, so good  
So good, so good  
You make life so good

Come to me and baby  
Can you make life so good  
Can you make it, you make life so good  
You make life so good, so good, so good
