This and that, they must be the same what is legal is
just what's real what I'm given to understand is exactly
what I steal I wormed my way into the heart of the
crowd I wormed my way into the heart of the crowd I
was shocked to find what was allowed I didn't lose
myself in the crowd Shot by both sides on the run to the
outside of everything shot by both sides they must
have come to a secret understanding New offences
always in my nerves they're taking my time by force
They all sound the same when they scream they have
to rewrite all the books again as a matter of course I
wormed my way ... Shot by both sides ... 'Why are you
so edgy, Kid ?' asks the man with the voice one thing
follows another you live and learn, you have no choice I
wormed my way ... Shot by both sides I don't ask who's
doing the shooting shot by both sides we must have
come to a secret understanding we must have come to
a secret understanding
