"I Clear The Area"

Visit "[I Clear The Area](#)" on MotoLyrics.com

Boy you are safe now and I watch your back
Don't forget I clear the area
If you got hit so hard, you're loosing track
Don't forget I clear the area
When all the dust is gone and you're back on ground
Don't forget I clear the area
I'm gonna stay and care, I'm always around
Don't forget I clear the area

Lights out, almost touch
Infrared, camouflage
Duck down and I get shot
I'm on the ground, it's getting hot
My heart beats, pain roll the dice
Jesus Christ, Poltergeist
It's getting wild, hysteria
Because you clear the area
