I feel frustration sometimes when the words don't  
come out right.  
Footprints in the Sand reveals to me a past scene of my  
life.  
Please stand by me through the thick and thin, though  
the trials of my life.  
He's dealing with me now...  
I turn around you're doing it again... you're doing it  
again.

[chorus]

I'm not trying to bring you down.  
I just want you to see what is happening to me.  
I'm not trying to bring you down.  
Just understand that I was blind but I'm learning to see.

I've ran long enough from what I know is right.  
The sands of yesterday are sliding through the  
clutched fingers of life.  
I'm not saying that the fun is gone, or the times we had  
are in vain.  
There's a break in the wilderness.  
My narrow path is clearing again... it's clearing once  
again
