There's something that I can't quite explain  
I'm so in love with you  
You'll never take that away  
And if I've said a hundred times before  
Expect a thousand more  
You'll never take that away

Well expect me to be  
Calling you to see  
If you're okay when I'm not around,  
Asking if you love me  
I love the way you make it sound  
Calling you to see  
Do I try too hard to make you smile,  
To make us smile...

I will keep calling you to see  
If you're sleeping or you're dreaming  
If you're dreaming, are you dreaming of me?  
I can't believe you actually picked me

I thought that the world had lost its sway  
(It's so hard sometimes)  
Then I fell in love with you  
(Then came you)  
And you took that away  
(It's not so difficult, the world is not so difficult)

You take away the old, show me the new  
And I feel like I can fly when I stand next to you  
So while I'm on this phone  
A hundred miles from home  
I'll take the words you gave  
And send them back to you

I only want to see  
If you're okay when I'm not around,  
Asking if you love me  
I love the way you make it sound  
Calling you to see  
Do I try too hard to make you smile,

To make us smile...

I will keep calling you to see  
If you're sleeping or you're dreaming  
If you're dreaming, are you dreaming of me?  
I can't believe you actually picked me...
