Don't wanna hang around anyone today
I'm sick of playing the same old games
cause I know I can't win them anyway and I
will dream a different lie
stuck in between her thighs
and wonder just when I will meet her
All I really need is someone like Phoebe
someone to excite my fantasy
and every night I'll dream
that she is here with me
and I will be the only one for her and I'm
wasting time going blind thinking she'll be mine tonight
wasting time going blind thinking she'll be mine
I've been in love since the day I saw fast times
its on a permanent rewind can you guess my favorite
part
I used to like tossing off to her pool scene
now I'm kissing t.v. screens
cause shes the only star who's touched my hard on
All I really need is someone like phoebe
someone to excite my fantasy
and every night I'll dream
that she is here with me
and i will be the only one for her and I

I'm looking for a "fast time" watchin out for "bright
lights"
Send me off to "private school" when i'm with you it's
"paradise"
