Hello to your mother , your brother , significant other  
I am the summertime  
and I'm here to free your mind  
Kick off your shoes the blues and use anything but your  
mind  
'cause this is the summertime  
and it's here to free your mind

How many other people can you save today  
don't you think it's high time that you sail away  
leave today , don't fall behind

Try something new, turn into you if only for a short time  
and feel your head recline  
kick off your shoes , the blues and use anything but  
your mind  
'cause this is the summertime

How many other people can you save today  
don't you think it's high time that you sail away  
leave today don't fall behind

Hello to your mother , your brother, significant other  
I am the summertime and I'm here to free your mind.
