I woke up this morning with a feeling of despair I
looked for my pussy but my pussy wasn't there Well,
well, well My cat fell in the well Oh puss puss puss poor
kitty kitty kitty My cat fell in the well I got out a ladder
and I climbed down to my pet I saw in a jiffy that my
puss was soakin' wet Well, well, well My cat fell in the
well Oh puss puss puss poor kitty kitty kitty My cat fell in
the well The doggone hole by the pump Once she
pushed, and in she jumped There never was a kitty half
as pretty as the pussy that fell in the well There never
was a pussy that could quite compare with her Pretty as
a picture with her long and silky fur - Well, well, well,
well my cat fell in the well, well Oh oh oh pussy pussy
pussy poor kitty kitty kitty My cat fell in the well If you
have a pussy that you wouldn't trade or sell Never let
her wander or she might fall in a well Well, well, well My
cat fell in the well Oh puss puss puss poor kitty kitty
kitty My cat fell in the well Fell in the - well!
