Look it here Safronia had a guy that died pneumonia
In the state of California, if you'd like t'know
I want a little girl to be all mine in the wintertime

When the rain starts raining an' the snow starts snowin'
you reach up and turn on the radio
Look out Jack you'd better take it slow
'cause the chicks are rarin' t' go

Well you reach on bed, you grab a jig, take a little nip
an' get ready t' mug
Look at your gal, you kiss her and you sate her
make her holler 'I surrender, I surrender!'
Eyes a muggin' shoot the liquor to me John boy
Take a tip from me, she's sweeter, my Safronia B

Sax solo

Well you reach on bed, you grab a jig, take a little nip
an' get ready t' mug
Look at your gal, you kiss her and you sate her
make her holler 'I surrender, I surrender!'
Eyes a muggin' shoot the liquor to me John boy
Take a tip from me, she's sweeter, my Safronia B

Yeah yeah (oh yeah)
She's sweeter, that gal is sweeter
I said she's sweeter, my Safronia B
yeah!
