Folks I'm mellow as a honeydew
(Yeah, yeah)

That cat is high
Look at that look in his eye
On man he's high
Yes higher than a kite

That cat is high
Look at that look in his eye
Man I wouldn't lie
He's higher than a kite

When you see him stumblin'
Up and down the street
You know that cat's been drinkin'
Got no shoes upon his feet

Man he's high
I said, "That cat is high"
Yes he's high
Man he's higher than a kite

That cat is high
Look at that look in his eye
You know I wouldn't lie
Cat's higher than a kite

Boys he's high
Oh look at that two black eyes
Oh my, oh my
The cat's higher than the sky

When you see him tippin'
'Round and 'round the block
Oh you know that cat he's very beat
Good clean down to his socks

That cat is high
Oh, look at that look in his eye
Oh my, oh my

The cat's higher than the sky
(Yeah)

[Incomprehensible]
Shoot the liquor to me John boy

When you see him stumblin'
Up and down the street
You know that cat's been drinkin'
Got no shoes upon his feet

Man he's high
Yes he's high
My, oh my
The cat's higher than a kite

He's high
(That cat is high)
So high
(That cat is high)
My my
(Oh man he's high)
He's high

He's high
(That cat is high)
So high
(That cat is high)
My my
(Oh man he's high)

I want the home cookin' mama with the fryin' pan
Well I know that cat is high
(Yeah)
