"Thank You Allah"

The sky is clear
The air is clean
The land is green
Thank you Allah

The path we walk
The lines we talk
The thing we see
Thank you Allah
Thank you Allah

Say Thank You Allah
Thank You Allah

When I sleep
When I eat
When I breath
Thank You Allah
Thank You Allah
Say Thank You Allah
Thank You Allah

In the night or in the day
Every morning after prayer
I'll never forget to say thank you

There are times when I'm alone
Feel alright or not so strong
I'll pray to you and say
Thank You Allah
Thank You Allah

So friends every time remember
Allah The Most Merciful
Say Thank you Allah
Thank You Allah
