"Right In Tune"

I got no worries, I got no doubts.
Cus' I know, you got it all worked out.
You no your part, and I know mine.
And we're right in tune, me and you.
Right in tune.

We've got a straight line, to each others heart.
We took the pieces, and we made a part.
We took a song, and made it a saying
And we're right in tune, yes it's true.
We're right in tune.
Oh yeah

We've been up and down. we've been through it all.
Came through the summer, and to the fall.
Came through winter, came the spring again.
And we're right in tune, yes it's true.
We're right in tune, me and you,
We're right in tune.

Little patience, little hunny *unsure*
It'll be okay.
A little patience, little money *unsure*,
And we're on our way.

Now we know what we gotta bring
When we're rolling it's a beautiful thing,
Get that baby soarin on two strong wings
We're right in tune, me and you,
We're right in tune.

Ohhhhh little mama, I know you.
(JAM)

I got no worries, got no doubts.
Cus' I know we can work it out.
Come what may, come what will,
We'll be right in tune, me and you.
Right in tune.
We'll be right in tune,
Oh right in tune!

Hey little mama, I know you.
Hey little mama,
We're right in tune.
Oh yeah
Right in tune.
