Rest the weight
Let it go it's gone
And dedicate to yourself
Whatever it is
You think you do best
Just let me know

That it's hard
Is this hard?
Yeah it's hard
This is hard

Am i saved?
Well hopefully in time
Watch me closely as I fall down
And I'll sign my name in her
Just to let you know

That it's hard
This is hard

Do you feel small?
At the bottom of this hill
I gotta say your heart was never mine to keep
This way we show that I haven't gotten used
To not seeing that beautiful face everyday

It's tightly twisted and it slips through my fingers
I never said i let it go
And i'm sorry i have to do something terrible
But i think you should know

That i'm dead
And piled to the sky
I never meant to be nothing but a parasite
It'll be swift cutting you off the list
You had me sold
So save a seat for me there close
To your side

And all i've got are these empty paws

That keep me going for days
And all I need is a little bit of money
To get on my feet

On and on i guess you're breathing
On and on i'm doing fine
On and on i'll be just alright
Don't you worry now
