As I sit in deep Absorption
Lost in pure Lucidity
I Invest In just one Interest
Can a man be Caged yet free?
Epicurean Existence
Looks for someone else to blame
Yesterday is Yours forever
No one knows tomorrow's Name
No one's ever known her Name
Be not Blind to life's abundance
Ecstasy we must Embrace
Rid yourself of Reservation
Ride the Rapids, Run the Race
You whose Years are spent in Yearning
Making plans and Masking shame
All I Ask is your Acceptance
No one knows tomorrow's Name
