La
Da da da da da
Yeah

Hold me down
Don't ever let me go
I'm a photograph of someone who used to care
I'm a dropout
Think about it baby
That ain't cool
You knew me then and I'm headed straight back there

Well I should've loved you more and I should've been
more ready

But I'm learning as I go
Don't you know there are days when it hurts so bad
Everybody changes with a chance and I came around

La
Da da da da da da

Sleepless nights drowning in alcohol
When it comes to mind blood rushes to my head
Like a sad song
All along I'm the one who's scared
The one who lost
And a fool to pay the cost

I should've done my best and I should've loved you
steady

But I'm learning as I go
Don't you know there are days when it hurts so bad
Everybody changes with a chance
Yeah

I'm learning as I go
Don't you know there are days when it hurts so bad
Everybody changes with a chance and I came around

Da da da da da da
Yeah
Mhmm

I came around
La
Da da da da da

La
Da da da da da
Yeah
Mhmm

I should've loved you more and I should've been more
ready
And I should of changed before it really was too late
Oh
But baby that's before everything just all fell down

But I'm learning as I go
Don't you know there are days when it hurts so bad
Everybody changes with a chance
Yeah

And I'm learning as I go
Don't you know there are days when it hurts so bad
Everybody changes with a chance
With a chance

And I'm learning as I go
Don't you know there are days when it hurts so bad
Everybody changes with a chance
With a chance

And I'm learning as I go
Don't you know there are days when it hurts so bad
Everybody changes with a chance
I came around
La
Da da da da da da

I came around
La
Da da da da da da
