When it stops when it fades
When the bodies have all hit the ground
I'll be there at a funeral for a friend

When it's done when it's over
When the buildings have all burned down
I'll be there at a funeral for a friend

Take my last breath today
Close my eyes and fade away
Lower me in the ground
You'll be there at a funeral for a friend
I can't remember what I was trying to forget -- It doesn't
matter now
Well I was frozen I was frozen in time -- In a cryonic
dream

I can't remember what I was trying to forget -- It doesn't
matter now
Well I was frozen I was frozen in time -- In a cryonic
dream
Send me a message send me evidence from death
A postcard from paradise
They'll find me one day surrounded by porcelain flies
With a smile on my face
