Baby don't do it, no, why you wanna break my heart?  
Baby don't break my heart, don't, don't, don't' break  
my heart

Oh, baby don't do it, no, why you wanna break my heart  
Don't, you're like a sister to me, that's why this is  
getting to me  
The way you live is too deep, you should step back a  
few feet

Oh, baby don't do it, no, why you wanna break my heart  
Don't, you're like a sister to me, that's why this is  
getting to me  
The way you live is too deep, you should step back a  
few feet

So much left for you, as long as I'm around, nobody will  
fuck with you  
I was â€¦ she was my baby girl, not my wife, more like  
my sister  
Never kissed ya, never tried to twist ya, I missed ya,  
when you went to school  
When I brought my girl around you â€¦ gonna like her,  
so I dissed her, dismissed her  
Check her off my list, you say she ain't fit  
With my plans, with my hands, I fought your battles so I  
hate to see you  
Picking the wrong lanes, you switched up, you doing  
the wrong thangs  
You really don't change, hanging with them whose,  
your life â€¦ around you real close  
Chilling at the shows, fucking with them rappers, dues  
passing dues  
Is breaking my heart to see you acting fool

Oh, baby don't do it, no, why you wanna break my heart  
Don't, you're like a sister to me, that's why this is  
getting to me  
The way you live is too deep, you should step back a  
few feet

I'm remember laying with you, up late night praying  
with you  
When thangs got hard, I was staying with you  
When your last man cheated on you, beated on you

I was right around town with â€¦ needed for you  
You was nothing like dumb, dumb chicks  
Trick signs you wanna fuck away  
Now I'm hearing you dropped out of school  
And I don't wanna believe you,  
And the shit â€¦ differentâ€¦  
With them hot shots on the hot blocks  
Got a new man and he's not what we all expected for  
you to click with  
He's like me and that's not joke, time in too deep on the  
streets wai too high  
You taking chips with him, ride'em with the white, hope  
it ain't too late for me to save your life

Oh, baby don't do it, no, why you wanna break my heart  
Don't, you're like a sister to me, that's why this is  
getting to me  
The way you live is too deep, you should step back a  
few feet

Las I heard he was in Miami, with new numbers, a new  
hunger  
The same nigger, he don't love you, got you ride in  
dirty, that's fucked up  
Fans ran into crib, you got busted, he wasn't in around  
he said fuck it  
Your name on a list, you gotta take the heat  
I heard the news my heart got crushed in  
I can't hug you through a glass  
I tried to warn you this life won't last  
My baby, my sister, my lady, in prison  
Now my heart feels soar, I feel like I could of done  
more  
I should of grabbed you, you ain't moving  
Instead of telling you don't do it

Oh, baby don't do it, no, why you wanna break my heart  
Don't, you're like a sister to me, that's why this is  
getting to me  
The way you live is too deep, you should step back a  
few feet X 2
