(Ft. Tablo)

1. The strength that still keeps me going
The reason that I hunger for
Is the fear deep in my heart
The voice that can be heard every time I feel like
fainting

Now is not the time to rest, don't forget the hard
times
The sound that awakens my weary body
It's what you wanted; don't forget the promise you
made
I fix my rough breathing once again and I go

Rain is coming down through the rooftop
Rain is coming down again, soaking everything
Rain is coming down and it won't stop
It's too hot, it won't stop

2. Let me tell you the story
My heart that feels like it's about to stop is still
running
My stretched legs and worn out shoulders become
alive again
Once again standing tall
Everybody get ready tonight.
Me and my boys on a ride,
Smelling feeling so right.
You know how we do it.
Must get it together tonight with my moves real tight.
Make sure I come with the best of the best of the best
come on.

Rain is coming down through the rooftop
Rain is coming down again, soaking everything
Rain is coming down and it won't stop
It's too hot, it won't stop

Tablo, go go, let's go!
Turn up the volume and with a fierce look of a rough
storm in your eyes

Rain~ with a worldwide sound
Seoul City, Beijing to Tokyo (ho!)
With hands up across the world
With rain rain rain, flowers bloom on thirsty ground
Say ho! (ho!) It's VIP
