This is my story...
It's true...
Okay...
Listen!

Oh baby there's something that i have to tell you about
cant hold it in my heart all these pain is breakin me
down
thought i found my one true love couldn't show you
how i feel
i was stupid baby my pride wouldn't let me be real

i'm asking for one more chance
didn't know where you stand or what your feeling
demanded from me
i pleaded you wouldn't pass
you left me out in the rain when you just walked away

chorus

this song is a story of a true tragedy
i gave up my heart i tried to give you all of me
we've come to an ending somehow i dont know what to
do
but i dont wanna forget now
i love you baby, i still love you
this is the sound of honesty
i gave up my heart i tried to be all i could be
my heart's gonna wait forever
i'm still holding on to all of our moments together
i love you baby, i still love you
we were so much inlove tell me how could you forget
wish you were here with me but memories are all i have
left
it seems the promises that you made to me were
nothing
and you smile girl but i see you hurt within

i'm asking for one more chance
baby give me your hand so we can both understand
this love
i pleaded you wouldn't pass
all the pieces of my soul want to live in your heart

(repeat chorus)

bridge

gotta close the door just like you did before
see my heart is broken baby i can't do it no more
eventhough it hurts i'll make a brand new start
and lay to rest all the moments that played with my
heart
but just before i do i gotta let you know that
no man will love you more so baby never forget
listen, i'm without you
all i know is right now, i love..i'll always love you

(repeat chorus)
