Same ol' scenario
Your girl sees me and she wanna know
Why she's intrigued if she wanna go
'Cause she likes it, she likes it
Hey don't get mad at me
'Cause I'm that dude you sposed to be
And she keep cutting her eyes at me
And you hate it, you hate it

Control your girl lil' fella
Look at how she's got you jealous
Don't get mad at me playa
I can't help that your girl want it
Let's just be men about this
There's no ring on no one's finger
All's fair in love and war
You know, you know

MAN UP
I know it's hard but
Play your part boy
Where your heart at?
MAN UP
Before your girl be, be up on me
You don't want that
MAN UP
C'mon playa, man be a soldier
Fight for what you want
MAN UP
Comin' on me
You need to man up

It's funny you don't have a clue
That I don't even care like you think I do
And I ain't even trippin' over her or you
And that's real talk, that's real talk, yeah
But here's some news for you
Maybe I'll manage your problem dude
And I got her on lock man, I thought you knew
And that's gangsta, that's gangsta, yeah

My girl is trained, lil' fella
I ain't in the least bit jealous
And I'm not mad at you playa
She may look don't mean she want it
So I'm being cool about this
If she want it, she can have it
All's fair in love and war
You know, you know

MAN UP
I know it's hard but
Play your part boy
Where your heart at?
MAN UP
Before your girl be, be up on me
You don't want that
MAN UP
C'mon playa, man be a soldier
Fight for what you want
MAN UP

Comin' on me
Man Up
You need to man up
