

Rain "With U"

You left, leaving me behind to lose my way
I lost without you
I tried to get you to see my broken confidence, but it
didn't work
Even if I think trying not to remember the thoughts of
you that come up anyway
I went on pretending like nothing's wrong, but I keep
waiting for you

With you I'm not alone
If you're there, I'm not alone
Even if everything's quiet, I'm not scared if only
you're there
With you I'll never fall
If you're there, I'll never fall
I won't fall if you only hold onto my hand

I felt that you'd come back sometime
I knew you would you come back baby
I felt that you missed me as much as I had missed you
Because our beautiful love was so happy
I knew that we wouldn't end this way; I knew that
you'd come

With you I'm not alone
If you're there, I'm not alone
Even if everything's quiet, I'm not scared if only
you're there
With you I'll never fall
If you're there, I'll never fall
I won't fall if you only hold onto my hand

I knew you'd come back sometime, even if I don't
know why
Because we couldn't leave each other's seats for
other people

With you I'm not alone
If you're there, I'm not alone
Even if everything's quiet, I'm not scared if only
you're there
With you I'll never fall

If you're there, I'll never fall
I won't fall if you only hold onto my hand
