Now I take over the command  
With my health lantern  
And now I'm reaching out my hand  
For your love-fountain

Alarm!  
I got ahold of you tonight  
I will be opening your sight  
Will be taking in the light  
Without surrender

No greater love!  
No greater love!

No greater love!  
No greater love!  
No greater love!

You are a runner through the fields  
You've written music on your shield  
All fairytales hide in your chest  
A comic fighter at its best  
Your eyes are daisies  
Your hearts the tongue  
The key to open everyone  
And while you're racing cross my mind  
I care to dance the chorus line

No greater love!  
No greater love!  
No greater love!
