What do you say when words are not enough too few
wont sum it up too many's just too much.I've read all
the signs but i still don't know the way I could try to lead
you there but I'd just lead you astray.

BRIDGE:Ask me no questions and i'll tell you no lies if
you wanna be with me coz the truth would set you free
don't look to closely or you'll see my disguise i saw the
love between us die but i'm not ready for goodbye.

CHORUS: Don't ask for more coz what your searching
for you wont find at my door don't ask for more my
heart already knows but my head wont let you go.
Please try and understand this is all i am i keep holding
on but half of me is gone the pieces of my heart are
lying on the floor they've been broken up before can't
be broken anymore.

BRIDGE: Ask me no questions and i'll tell you no lies if
you wanna be with me coz the truth would set you free
don't look to closely or you'll see my disguise i don't
wanna live a lie but i cannot say another goodbye.

CHORUS: Don't ask for more coz what you're searching
for you wont find at my door don't ask for more my
heart already knows but my head wont let you go.

ooooooooooooohhhhhhhhhhhh another goodbye

ooooooooooooohhhhhhhhhhhh another goodbye
