Can't forget his face
What a lonely place
Has he really let us go
All the time that's lost
What's the final cost
Will I really get away
All my life it seems
Just a crazy dream
Reaching for somebody's star
Can't be believed it all
Did he really fall
What to do now I don't know

Something's calling me back
There's a light in the black
Am I ready to go
I'm coming home

Breathed the air before
Heard the thunder roar
Never knew it was for me
Always looking down
Lost and never found
Eyes that looked but not to see
All my life it seems
Just a crazy dream
Reaching for somebody's star
Like an open door
That you've passed before
But you've never had the key

Something's calling me back
Like a light in the black
Am I ready to go
I'm coming home, I'm coming home
I'm going back to my home

I'm going home, home, home
I'm going home, home, home
I'm coming back
Won't forget his face
What a lonely place

Did he really let us go
All the time that's lost
What's the final cost
Will I really get away
All my life it seems
Just a crazy dream
Reaching for somebody's star
Can't believe it all
Did he really fall
What to do now well I know

Something's calling me back
Like a light in the black
Yes I'm ready to go
I'm coming home, home

I'm on my way back home
I'm here to stay
Here I will stay
I'll stay, I'll stay
