Yesterday, you were here by my side
Nothing to prove and nothing left to hide
You promised me there would be no goodbye
But now I find, another set of lies

Babe you must be crazy
How could you be so blind?
Why would you deceive me?
Now you're saying that you're leaving me behind

So strong, I'm not gonna run away
Want you to know that I'm gonna break through
How long can I go on this way?
There's nothing I can do

Desperate heart, think you better hold out
Torn apart, I was left to bleed
Don't start feeling you were sold out
Now you better face reality

Did my best did the best that I could
It's all been wasted just misunderstood
You keep on talking
Your words are sounding so smooth

Why don't you say it
You just want to cut me loose?
Oh, don't say that you love me
Don't want to hear that you tried

Oh, don't tell me that you need me
Don't want to hear none of your alibis

So strong, I'm not gonna run away
Want you to know that I'm gonna break through
How long can I go on this way?
There's nothing I can do

Desperate heart, think you better hold out
Torn apart, I was left to bleed
Don't start feeling you were sold out
Now you better face reality

Desperate heart, think you better hold out
Torn apart, I was left to bleed
Don't start feeling you were sold out
Now you better face reality

So strong, I'm not gonna run away
Want you to know that I'm gonna break through
How long can I go on this way?
Tell me, what can I do? Nothing I can do

Desperate heart, think you better hold out
Torn apart, I was left to bleed
Don't start feeling you were sold out
Now you better face reality

Desperate heart, think you better hold out
Torn apart, I was left to bleed
Don't start feeling you were sold out
Now you better face reality

Desperate heart, desperate heart
Desperate heart, desperate heart
Desperate heart
