I can be a rock-hardheaded fool
Stubborn as a two dollar 4-H mule
Hard to handle as your granddad's tools
But I could be the one

I can be as loud as an F-16
I got a river-wide redneck streak
Yeah, I can be a full blown SOB
But I could be the one

I could be the one that's the one for you
I could be your one crazy dream come true
I could be the arms, I could be the heart
I could be the love you could fall into

With somebody like you with me
There ain't no tellin' what I could be
Cause you could be a star
You could even be the sun
But I could be the one

I could be a too much tequila mistake
Or I could be your heart's big lucky break
Might be a little more than you can take
But I could be the one

I could be the one that's the one for you
I could be your one crazy dream come true
I could be the arms, I could be the heart
I could be the love you could fall into

With somebody like you with me
It ain't no tellin' what I could be
Cause you could be a star
You could even be the sun
But I could be the one

Yeah, with somebody like you with me
It ain't no tellin' what I could be
Cause you could be a star
You could even be the sun

But I could be the one

Yeah, you could be a star
You could even be the sun
But I could be the one
Yeah, I could be the one
