Lord We Offer

Lord we offer you our lives
Lord we offer you our lives
Lord we offer you our lives
Lord we offer you our lives

The bread we break is Your Body that was broken
The cup we drink is the blood of your covenant.
As one body in your presence we surrender,
All that we are all that we will ever be.

Jesus Saviour, we exalt you we exalt you
We give our lives to you, as we worship you
As we worship you

Let us be an offering
Let us be an offering
Let us be an offering
Let us be an offering to you.

Lord we offer you our lives
Lord we offer you our lives
Lord we offer you our lives
Lord we offer you our lives
