Written by Marty Stuart and Paul Kennerley

Hey baby, don't you cry

I'm gonna wipe those little teardrops dry

Hey baby, don't be sad

I know he hurt you but it ain't so bad

You won't ever have to be alone again

I will always love you till the very end

Hey baby, don't be blue

I will always take good care of you

You won't ever have to be alone again

I will always love you till the very end

Hey baby, don't you cry

I'm gonna wipe those little teardrops dry

Hey baby, hey baby, hey baby
