Just don't know what to say
I'm tongue tied, I'm a scatter brain
Can't eat, can't sleep these days
Staring out past the milky way

My head spins, my heart explodes
I'm a sheep in these wolf clothes
Senses on overload

These are my confessions
I write them on the wall
Obsessed with my obsessions
I'm not surprised at all

In need of some direction
Some expensive therapy
I emptied out my pockets
But the best things in life are free

Just don't know what to say
Oh God, make it all go away
I can't love, can't hate these days
Damn, I just want to be entertained

Been high and I've been low
The devil's here to take my soul
I can't take this anymore

These are my confessions
I write them on the wall
Obsessed with my obsessions
I'm not surprised at all

In need of some direction
Some expensive therapy
I emptied out my pockets
But the best things in life are free

Out there in the distance, a sunrise
Only for a moment, I'll rest these eyes
Oh, I sing but I'm dumb and it's a shame
Oh, I sing no one's won it's just a game

These are my confessions
I write them on the wall
Obsessed with my obsessions
I'm not surprised at all

In need of some direction
Some expensive therapy
I emptied out my pockets
But the best things in life are free
These are my confessions
