You caused me, so much pain.
I broke inside, every day I wasn't with you.
I try my hardest, to move on,
but no matter what I do, I can't stop thinkin of you.
I just wanna be with you, I just wanna stay with you,
I want your arms around me tight,
I want your voice In my ear,
I want your lips near mine, I want you. I want to be... with
you.
He might try to make me smile,
and he might succeed. But in the end,
all I feel is you. Every where I look,
you're there. I can't help myself!
Why can't you stay? You told me I was yours,
until the end of time. But it doesn't look that way,
anymore...
I just wanna be with you, I just wanna stay with you,
I want your arms around me,
I want your voice In my ear,
I want your lips near mine, I want you. I want to be... with
you.
Breaking all the rules, I'm tired of all this pullin
us down! Breakin all the rules!
It's tearin us apart! And I'll say it once more
I just wanna be with you, I just wanna stay with you,
I want your arms around me,
I want your voice In my ear,
I want your lips near mine, I want you. I want to be... with
you.
I just wanna be...
Through all this time, I've never cried,
though I'm dying, in-side!
Oh more and more, I long for you, but here I am again,
with out you!
I just wanna be...
I just wanna be...
The clock ticks by. I can't take it anymore.
I'm through with all the lies,
all the dues. Have me or don't just don't make me pay
for it.
I just wanna be with you, I just wanna stay with you,

I want your arms around me,
I want your voice In my ear,
I want your lips near mine, I want you. I want to be... with
you.
Be... with... you.
