CHORUS:

So when you need a little peace of mind  
Come on over boy, anytime  
I'll keep you happy and so satisfied  
In my house, in my house

So when you need some lovin tenderness  
And it's me baby that you miss  
Here's the key to unlock the door  
To my house (to my house)  
wo-oo-oo-oo- in my house  
wo-oo-oo-oo in my house

Well anytime of the day or night

When you call me I'll be there  
Just call me up on the phone  
When you need someone around to care  
And when you feel sad and blue  
You just come and see me anytime  
I'll be waitin for you dear  
And your fears you can leave behind  
So when you need a little peace of mind  
Come on over boy, anytime  
I'll keep you happy and so satisfied  
In my house, in my house  
So when you need some love and tenderness  
And it's me baby that you miss  
Here's the key to unlock the door to my house (to my house)  
In my house  
In my house  
In my house...
