[Chorus #1: Lori Velez]

Why you wanna disrespect my love?
Why you wanna go against my heart and soul?
Don't you realize the love I'm giving you?
Don't you wanna love me too?

[Verse One: Jise One]

Do you wanna what? So now you question my love?
Who took you in and your son, who treat 'em like he
was blood?
All day you buggin out, sayin I'm playin behind your
back
Being a bitch, callin the cops, drop charges to take me
back
What is it? 'Cause I'm stayin, I can't live without you
If I can't have you, no one will, don't make me prove it
to you
So what I catch a mood swing here and there, that's
just rough time
Discipline is what a man about, woman you tryin to
undermine?
And mine is like a size 12 foot for you security
Tell me, haven't I came through to provide well for this
family?
Bullshit! And I can't stand you, ma told me you'd fuck
my life
up and downsize any good that I've done to big
yourself
Spanish
Don't you dare get in my face
Can't have a peace inside this house, always invading
my space
But I'm the one who's catchin the case for gettin stupid
and smackin you all excited when you started it in the
first place

Her love, his hate
His words, her fate (what you do to me)
No escape..
His anger, her tears
His abuse, her child, his excuse

What a waste..

[Verse Two: Swel Boogie as "the child"]

Hey dad why you walkin all wobbly and lookin sloppy?
You never nice, always screamin and cursin at mommy
from verbal to physical, fightin into a break up
I notice you beefin from the second moment you wake
up
Oh I get it, us men have to prove that we are stronger
Put our foot down, man of the house, we last longer
I wanna be just like you and always keep my fist up
By your age I'll be twice as mean if I practise with my
sister
'cause I put vics in her eyes, that's what she gets for
darin me
And if what you're doing is right then why is it scarin
me
I guess I'll understand a little better when I get older
The more abuse I see and learn the more I'll get bolder
And by my first girl I'll be higher and should be wiser
I always wondered why the neighbor called you a
womanizer
but I know now, men rule and it is what it is
Don't worry, I'll make you proud and pass it down to my
kids

[Chorus #2: Lori Velez]

Don't you think that I could be your one and only?
Don't you think that you could be the one to hold me?
Don't you think that I could be your one and only?
Recognize what's here for you

[Verse Three: Q-Unique]

Something clicked, she no longer wanted to hear she
was no good
No more jokes about her overweight and that she just
never could
She had to stop livin in doubt, stop livin in fear
Stop feelin inferior, wishin he would just disappear
For years her words had taken away her self-esteem,
killed most of her motivation and shattered all of her
dreams
And yo, the name calling in public or behind closed
doors
Everything from "stupid bitch" to "you filthy whore"
He made her believe a succesful life was nothing next
to slim
and that she wouldn't be worth spit without him
Finally realizing it was him that would never amount to
shit
and he would bring her down with him just to feel

someone legit

He felt threatend by her passion so he took action
and verbally tore it down to a fraction, intimidating her
reaction

Gathering her belongings with pity she felt
knowin he'd be livin out the rest of his days always
hatin himself

(Chorus #1)

(Chorus #2 x2)

"Listen carefully. Get the fuck out of here or I'll kick
your ass!!"
