

Glorified!

"The Light"

I now see
That the things I love
The things that make me, me
Will never return

Gone with the wind
Into the night
My humanity
Barely lingers inside of me.

But there is hope
A possibility
For a new life
One with virtue

The sun shines
And the light
The master of the light
Consumes my mind

This opportunity
Can not and will not be
Wasted.

Now is the time
To embrace
To accept
What's done is done

I feel the weight leave my shoulders
I feel my heart beat again
A last the time has come

I am living.
