She said no words when  
I chose to stand away.  
In the backround of my  
Mind when the sund rose  
I chose the shade  
Never wanted never  
Needed all the priceless  
Things to say  
But i know that time By  
Alone was overdue  
I know time alone was  
Overdue  
Overdue

At times rock stone is  
The only bed that's made  
So i have the faith come  
What will come what may  
Passer by in pain

She read those words that  
I chose to throw  
Her way  
And the time they were  
Laden with hesistation that  
I made  
And if you're ever my

Endeavour once again then  
I'll be changed  
But i know that it ain't  
So my hope refrains  
refrains

At time rock stone is  
The only bed that's made  
So i have the faith come  
What will come what may  
Passer by in pain

At time rock stone is

The only bed that's made  
So i have the faith come  
What will come what may By  
And when i rise alone  
It don't feel the same  
So i have the faith come  
What will come what may  
Passer by in pain
